

Onyx

The Standard For Upscale Retail ATMs

► With an up-to-date look and a feature set sure to impress, the Onyx provides the latest in ATM technology for any market. Whether in a hotel, club or gas station, the Onyx ATM will stand out in a location while still looking financial to encourage transactions.

► The Onyx boasts features which include a 10.1" wide LED-LCD, an optional 12.1" touch screen, as well as a reflective front bezel panel for customer security, and lighted-touch function keys. In addition to custom on-screen advertisements or branding an optional 3" printer allows for receipt graphics. The Onyx ships fully compliant for EMV, PCI-EPP and ADA.
